

## **Financial Update—November 1, 2020**

**Slide #1:** We raised over \$39k in the Ride for Refuge, surpassing our goal!

**Slide #2:** Giving is \$18k more than it was at this point in 2019. Giving was increasing early in the year, then dropped in the spring and has levelled off.

**Slide #3:** We have been fairly consistently under budget to the tune of \$38k YTD.

**Slide #4:** But expenses have also come significantly under budget, about half due to delayed hiring and half due to much less spending during pandemic.

**Slide #5:** Our budget is set to more accurately reflect patterns, including an annual year-end jump in giving. We are grateful for everyone who has continued to give faithfully and encourage everyone to help us finish the year strong!

On October 3, we're fundraising in the Ride for Refuge to call attention to some people and priorities that we feel really strongly about. And although it only takes a few hours of our time, we know it will make a difference. By participating in the RIDE, we're speaking for people who have little or no voice and who often get left behind or ignored. And by fundraising, we're supporting a charity who is bringing hope and refuge to those same people. Thanks for supporting us! **#ride20**
